

Can SharePoint do *that*? Low Cost Content Management.

With many organizations in the process of evaluating or implementing content management systems, we are often asked “are there any solutions we can use to get started that don’t cost a fortune?” As a result, we will explore what a common off-the-shelf office productivity tool, Microsoft SharePoint, has to offer. What are the real-world features, and what is marketing hype? SharePoint Portal Server is one of the fastest growing server products in Microsoft’s history. Do not miss this great opportunity for an overview of low cost collaboration and document management with SharePoint, brought to you by Inetium, Microsoft’s Central Region partner of the year.

Session Title: Low Cost Entry to Content Management, the Strengths & Weaknesses of SharePoint.

Speaker: Mr. Brian Johnson of Inetium

Inetium is headquartered in Minneapolis, working with companies throughout Minnesota with a focus on solutions and services offerings in the core areas of:

- IT planning
- Application Development
- Customer Relationship Management
- Information Worker Solutions
- IT Infrastructure

Inetium has received multiple national awards for excellence in customer experience, business solutions, sales leadership and partnering excellence. In addition, Inetium is Gold Certified by Microsoft and has achieved the highest level of technical competency in Information Worker, CRM, Networking Infrastructure, and e-business solutions.
